

Data Analyst Intern

Kim Sovannarong

Phnom Penh, Cambodia | +855 96 728 8086 | @KimSovannarong | kimsovannarong590@gmail.com

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in data pipelines, machine learning workflow, and statistical analysis. Skilled in data cleaning, exploratory data analysis (EDA), and deploying analytical models to uncover trends. Passionate about translating complex datasets into clear, impactful strategies for stakeholders.

WORK EXPERIENCES

Mobile App Developer Intern - Biz Solutions., Co, Ltd Jan 2026 - May 2026

- Tasked with building complex, separate user ecosystems for an e-commerce platform.
- Engineered the data architecture, state management (GetX), and analytical seller dashboard interfaces using Flutter.
- Delivered highly responsive customer and seller apps with real-time data reporting pipelines that significantly enhanced merchant workflow productivity.

Mobile App Developer Intern - Scholarar May 2025 - Sep 2025

- Aimed to improve user retention by fixing inefficient search and tedious scholarship application processes in the Scholarar App.
- Implemented a dynamic data-filtering system and streamlined end-to-end scholarship application workflows.
- Optimized front-end filtering logic and state management, drastically reducing query rendering times for a faster and more seamless scholarship discovery experience.

EDUCATION

Bachelor Degree of Computer Science Graduated 2026

Cambodia Academy of Digital Technology, Phnom Penh - GPA 3.75/4.0

High School Diploma Graduated 2022

Cheasim Takeo High School, Takeo - Grade A

TECHNICAL SKILLS

Data Analytics & Machine Learning : Statistical Analysis, Predictive Modeling, Exploratory Data Analysis (EDA), Data Pipelines, Feature Engineering.

Programming Languages : Python, SQL, Dart, JavaScript, C++.

Frameworks & Libraries: Pandas, NumPy, Scikit-Learn, Matplotlib, Seaborn, Flutter.

Tools & Databases: Power BI, Git/GitHub, PostgreSQL, MySQL, Firebase, MS Excel.

ADDITIONAL PROJECTS

Utility Meter Reading System (Capstone Project)

Tech Stack: Python, YOLOv11, EasyOCR, Roboflow, Data Preprocessing Pipelines, Streamlit

- Built an end-to-end computer vision web app using Streamlit to automate meter classification and digit extraction from utility meter images via a custom-trained YOLOv11 model and EasyOCR.
- Optimized image preprocessing workflows to maximize text recognition accuracy.

Diabetes Prediction System

Tech Stack: Python, Pandas, Numpy, Seaborn, Matplotlib, Scikit-learn, Gradio UI

- Cleaned dataset and balanced classes to optimize training efficiency and model performance.
- Conducted benchmark evaluations comparing 5 classification models to find the optimal predictor.
- Integrated the most optimal model into an interactive Gradio UI for real-time risk assessment.

Student Performance Analytics

Tech Stack: Python, Pandas, Numpy, Seaborn, Matplotlib, Scikit-learn,

- Performed EDA and feature engineering on 30,000+ Kaggle student records.
- Extracted numeric metrics and engineered composite scores to evaluate performance.
- Visualized key drivers showing how demographic factor, parental background, and student habit influenced academic performance.

University Database Management System

Tech Stack: SQL, Schema Design, DDL/DML, Relational Modeling

- Modeled an end-to-end relational schema to manage academic structures and student records.
- Developed structured DDL/DML scripts for efficient data insertion, updates, and indexing.
- Executed complex multi-table queries using CTEs and aggregation to manipulate academic data in database.

Enterprise Employee Database System

Tech Stack: SQL, Store Procedure & Function, Table Partitioning, ACID Transaction

- Built a relational database schema populated with 1000+ mock data to simulate enterprise operations.
- Implemented table partitioning and stored procedures to optimize query execution and scalability.
- Applied ACID-compliant transactions to ensure data consistency during complex database operations.

ADDITIONAL INFORMATION

Language: Khmer - Native | English - Upper Intermediate

Certification: Udemy Data Analytics Professional Certificate (In Progress)

TO WHOM IT MAY CONCERN

From: **Human Resource Department of Biz Solution Co., Ltd**

Dear Sir/Madam:

Letter of Internship

We, Biz Solution, hereby confirm that Mr. **KIM SOVANNARONG**, has completed the internship by working as the Intern Mobile App Developer in **Biz Solution** from **January 5, 2026 to May 5, 2026** .

The title of the Project is: ***E-Commerce Customer Mobile Application***
This letter issued for using in any necessary case.

For further information, please do not hesitate to contact us:

- Tel: (855-76) 888 0123
- E-mail: hr@bizsolution.com.kh

Yoursincerely,

Ms. Ly Channaroith
HR Manager,

SCHOLARAR

By Scholars, For Scholars
The Scholarship Expert for Cambodian Students

Certificate of Completion

IS PRESENTED TO

KIM SOVANNARONG

WHO HAS SUCCESSFULLY COMPLETED FULL-TIME
SCHOLARAR'S INTERNSHIP AS A MOBILE APP DEVELOPER
FROM **02/05/2025-02/08/2025**

SINCE 2010

Dr. Y Phoura

FOUNDER & CEO

Dr. Phou Sothearoth

CO-FOUNDER & CFO

ព្រះរាជាណាចក្រកម្ពុជា
ជាតិ សាសនា ព្រះមហាក្សត្រ
KINGDOM OF CAMBODIA
NATION RELIGION KING

អាហារូបករណ៍ទេពកោសល្យឌីជីថលតេជោ
TECHO DIGITAL TALENT SCHOLARSHIP

វិញ្ញាបនបត្រទទួលស្គាល់

CERTIFICATE OF RECOGNITION

ផ្តល់វិញ្ញាបនបត្រនេះ ជូនចំពោះ

លោក គឹម សុវណ្ណារ៉ុង

ដែលបានប្រឡងជាប់អាហារូបករណ៍ទេពកោសល្យឌីជីថលតេជោ ឆ្នាំ២០២៣
សិក្សាថ្នាក់បរិញ្ញាបត្រ នៅបណ្ឌិត្យសភាបច្ចេកវិទ្យាឌីជីថលកម្ពុជា។

This Certificate is Presented to

Mr. KIM SOVANNARONG

who has been awarded a 2023 Techo Digital Talent Scholarship
to pursue a bachelor's degree at Cambodia Academy of Digital Technology.
